“The four Major Character in Genesis seen through the Elements of the Four Primary forces.”

The four major characters of Genesis that this class will address are Adam, Cain, Enoch and Noah. The Four primary forces are Air, Earth, Fire and Water. Each one of these characters shows mastery and creativity over their perceptive element. It is the same that makes up the forces of nature. Man is also made up these four major forces. This class will also show how these forces are mastered and manipulated by man.

Adam = Earth.

The name Adam means red earth. Adam was form from the earth, Genesis 3.19 " In the sweat of thy face shalt thou eat bread, till thou return unto the ground; for out of it was thou taken: for dust thou are, and unto the dust shalt thou return". This makes Adam the earth man. Adam also shows mastery and creativity over the earth. He shows mastery over the earth because dominion was giving to him over all the earth. Genesis 2.19 "and out of the ground the lord God form ever/ beast of the field, and every fowl of the air, and brought them to Adam to see what he would call them. Whatsoever Adam called every living creature, that was the name thereof. The statement all living things out of the ground were brought to Adam signifies his mastery over the earth. Adam also shows he creativity over the earth because in genesis 2.20 he named all the creatures of the earth. "And Adam gave names to all cattle, and the fowl of the air, and to every beast of the field". By Adam's naming of the all-living creatures of the earth, Adam shows creativity over the earth.

Cain = Fire.

Cain presents the element of fire because of his fiery passion that leads to murder of his brother.

To find the mastery and creativity of Cain one have to look at Genesis 4.22 "And Zillah, she also bare Tubal-cain, an instructor of every artificer in brass and iron. For one to become an instructor in any subject, one must have to master it. The descendants of Cain mastered fire and by being an artificer of brass and iron, fire is needed to forge the ore into brass and iron thus showing their creativity over fire.

Enoch = Air.

Enoch represents the element of air. Enoch did not die he was taken by God. This means that Enoch experienced space travel. He was the master of air travel because the element of air was manipulated so that it could be ascend into Genesis 5.23 ": And all the days of Enoch were three hundred and sixty five years. The three hundred and sixty five represent the time in days that the earth takes to orbit the sun, showing creativity over air {space}. In Genesis 5.24 Enoch shows Mastery of air by travelling in it Genesis 5.24 " And Enoch walk with God: and was not: for God took him.

Noah = Water.

Noah represents the element of water because of the great flood. It was Noah that shows mastery and creativity over water. In Genesis 7.17, and genesis 7.18, it shows how he mastered and created the ability to manipulate the element of water. Genesis 7.17 "And the flood was forty days upon the earth: and the water increased, and bare up the ark.. Noah shows creativity by making the Ark to be saved from the flood. In genesis 7.18, it says "and the water prevailed, and were increased greatly upon the earth; and the ark went upon the face of the waters". This indicated to us that Noah made the ark to ride the wave of the waters thus showing his mastery over the element.
